**DOES NOT COMPLY WITH THE  
SEQUENCE RULES. See reasons  
below.**

The nucleotide/ and/or amino acid sequence disclosure contained in this application does not comply with the requirements for such a disclosure as set forth in 37 C.F. R. 1.821-1.825 for the following reasons:

1. Claims 6, 7, 9, 10, 11, 12, 13, 15, 16, 17, 19, and 20-24 are drawn to polynucleotide(s) or polypeptide(s) that contain nucleotide or polypeptide sequences, which are not found in the CRF or paper/CD copy.

2. Additionally, where the description or claims of a patent application discuss a sequence that is set forth in the "Sequence Listing" in accordance with 37 C.F.R. 1.821 (c), a reference must be made to the sequence by use of the sequence identifier, preceded by "SEQ ID NO:" in the text of the description or claims, even if the sequence is also embedded in the text of the description or claims of the patent application. 37 C.F.R. 1.821 (d).

See, for example (but not limited to) claims 4, 5, 6, and 7 are drawn to polynucleotide(s) and polypeptide(s). There are no associated "SEQ ID NO:" for these polynucleotide(s) and polypeptide(s).
